

Elcometer 3505 Cube Film Applicators

Can work in accordance with:
ASTM D 823-E, ASTM D 1640-03

The Elcometer 3505 Cube Film Applicator is manufactured from hardened stainless steel, this allows you to apply a single 12mm film stripe accurately.

Each cube film applicator is supplied with a set of nineteen thickness gauges from 30 - 1000µm (1 - 40mils) to adjust the film thickness.

Technical Specifications

Part Number	Model	Film Thickness µm	Film Width* mm	Number of Stripes
K0003505M001	Elcometer 3505/1 Cube Film Applicators	30-1000	12	1
K0003505M202	Elcometer 3505/2 Cube Film Applicators	30-1000	12	5

*Elcometer 3505/1 total width: 26mm; Elcometer 3505/2 total width: 146mm
