

# FM-F103 3-Ply Blue Disposable Face Mask

The **FM-F103** is a lightweight and easy to breathe, disposable 3-ply face mask. It is intended to cover the nose and mouth in order to minimise the incidence of cross infection of airborne infective bacterial agents generated from the respiratory tract. Suitable for use in medical, dental, food preparation and other clean or sensitive environments.

## Features

**FM-F103** disposable 3-ply face mask, features the following:

- An adjustable soft aluminium nose bar – which allows for ease of moulding onto nose for optimum fit
- 100% Latex free ear band loop – prevents irritation and eliminates pressure on the ear
- Hypoallergenic due to the polypropylene synthetic material – preventing allergies
- Glass fibre free
- Automatic ultrasonic bonding – adds to the cleanliness of the mask
- Lightweight and comfortable to use in humid environments
- A 3-pleat triple layer construction – provides stronger support to the mask

## Technical Specifications
