Re: Coatings for Africa 2021

In light of the ongoing COVID-19 pandemic, and the impact that it continues to have across South Africa and globally, dmg events, organizers of Coatings for Africa, have made the difficult decision to postpone the show from 2nd-4th June 2021 to 2022. A new date for the event will be confirmed shortly.

The decision to postpone has been reached after consultation with all key stakeholders, and is based on the wider impact that the pandemic is having on SAPMA & OCCA members, the Health & Safety implications of running an exhibition at such a difficult time and ensuring the continued success of Coatings for Africa.

For members who currently have booked to participate as exhibitors- Your Account Manager will be in touch soon to discuss the next steps with you. A further communication regarding plans for 2022 will follow from dmg events in due course.

We sincerely appreciate your ongoing support, and hope to see you, in person, very soon.

Kindest Regards

Paddy O'Neill
Event Director
The Coatings Group
