Nova 3 Blast Helmet

Can be used in accordance with:
ISO 9001, NIOSH, CE0194, EN 1459:2005, EN 12941:1998, A1:2003, A2:2008, EN 166:2002, EN 397:2012, A1:2012, ANSI Z87+, ANSI Z89.1, AS/NZS 1716:2012, AS/NZS 1336:2014, AS/NZS 1801:1997

Nova 3 Blast Helmets - strong, robust, durable and comfortable for ultimate performance. The Nova 3 Blast Helmet can save you 45 minutes a day with its "Fit and Save" tear-off lens system.

Best in Class Comfort: The Nova 3 blast helmet is one of the most comfortable blast helmets in the industry, thanks to the moulded adjustable inner padding system that creates a secure custom fit, spreading the weight evenly to reduce fatigue. Complete with a streamlined air flow system to reduce lens fogging and eliminate head chill by directing air to the breathe zone, the Nova 3 lets you blast in comfort for longer.

Safe by Design: The Nova 3 creates a complete barrier to dust, abrasives and particulates entering the helmet, complete with clip on capes to stop abrasives and dust entering the helmet. Thanks to its enhanced optical design, the Nova 3 ensures optimum downward and peripheral vision due to large viewing window. The Nova 3 is tested to the highest industry Standards worldwide including NIOSH, ANSI Z87.1 - 2010+ and ANSI Z89.1 - 2012 Type 1 Class C; giving you complete peace of mind.

Optimise Productivity: When you are not blasting you are not making money, that's why the Nova 3 has individually pre-folded visor tabs ensuring you tear off only one lens at a time, saving up to 45 minutes per day, per blaster.

Features

- Tough helmet shell, manufactured from engineering grade nylon
- Lightweight and abrasive resistant
- Large panoramic window that provides optimum downward and peripheral vision
- Bellow seal creates a complete barrier to dust and particulates
- Streamlined air system that directs air to the breathe zone, prevents lens fogging and head chill
- Ratchet adjustable padding system creates secure custom fit
- Even weight distribution to prevent fatigue
- "Fit and Save" tear-off lens system
- Outer, intermediate (optional), and inner lenses
- One click inner lens replacement
- Removable visor for efficient lens replacement

Features Continued

- Replaceable sound deadening foam padding
- Low flow indicator
- Clip on cape seal stops abrasives and dust entering the helmet
- Large, glove sized latch that is easy to locate and use
- Allen key located inside helmet is the only tool required for all part replacements
- Optional communication system (Nova 3 Talk) and optional helmet light system (L4 Light System)

Tear off visor tabs with gloved hands

Adjustable inner padding creates a custom fit

Packing List

Nova 3 Blast Helmet
Constant Flow Valve
Nylon Respirator Cape
